Typi non habent claritatem insitam; est usus legentis in iis qui facit eorum claritatem. Investigationes demonstraverunt lectores legere me lius quod ii legunt saepius. Claritas est etiam processus dynamicus, qui sequitur mutationem consuetudium lectorem. Mirum est notare quam littera gothica, quam nunc putamus parum claram, anteposuerit litterarum formas humanitatis per seacula quarta decima et quinta decima.

Congratulations and best wishes as since January 2007 and he is em-
but not to North Saint Paul. Thorsen as a representative to the Environ-
and Scott Thorsen.

The Minnesota Municipal Power Agency (MMPA) has gone above and beyond to provide commu-
nities with educational resources to enhance student knowledge of sustainable energy practices. In 2010, the Fairbault Energy Park/Minnesota River Station, Minnesota’s largest
municipality-owned power plant, launched the online Energy Education program. In 2013, MMPA
expanded the program to host over 1,315 students.

Located in Maplewood, Phalen-Keller Park is one of the largest parks along the Gateway State Trail. The park surrounds Keller, Phalen Spoon, and Round Lake, as well as the 18-hole, championship Keller Golf course. Shoreline fishing is popular along the chain of lakes, with boat access on the north shore of Round Lake. Swimming is permitted in Lake Phalen.
